welcomeBolton Wanderers

Falkirk Football Club welcome Bolton Wanderers to the Falkirk Stadium for the second time in two years.

Bolton Wanderers were founded in 1874 by Thomas Ogden, a schoolmaster at Christ Church, and not

surprisingly were known as Christ Church FC. A name change to Bolton Wanderers followed in 1877, the surname allegedly chosen because they had used three venues in its first four years of existence. More importantly, Bolton were one of the 12 founder members of the Football League, which formed in 1888.

The Club have a great history. In 1923, Bolton's centre-forward, David Jack scored the first ever goal at Wembley Stadium in front of a 127,000 crowd to win

the FA Cup. Wanderers became the most successful cup side of the 1920's, also winning in 1926 and 1929, beating Manchester City and Portsmouth.

1950's were a magical time for Bolton, for despite the 1953 4-3 defeat to Blackpool in the "Stanley Matthews" final, watched in grainy black and white by millions of television viewers, they regrouped with a side built around the legendary Nat Lofthouse to bring the trophy

back to Bolton in 1958, courtesy of two Lofthouse goals in front of 100,000 fans, against a Manchester United side which had been decimated three months earlier in the Munich Air Disaster.

Sadly that was to be their last major trophy win although they finished runners-up in the League Cup in 1995 and again in 2004.

Former Bairn Owen Coyle was appointed as Bolton manager in January of 2010. Coyle's first signings for the club were Stuart Holden from MLS side Houston Dynamo on a short-term contract and Manchester City winger Vladimir Weiss and Arsenal's Jack Wilshere on loan until the end of the season. Coyle achieved his goal of keeping Bolton in the Premier League by finishing 14th with 39 points, nine clear of relegated Burnley. This secured a tenth successive top flight campaign for Bolton.

After a bad start to last season, Bolton were relegated to The Championship on 13 May 2012, following a 2-2 at Stoke City on the final day of the campaign.

We look forward to seeing Owen again and we wish him luck in his quest to return Bolton to the Premiership.

Bolton Squad

ADAM BOGDAN (Goalkeeper)

Born 27.09.87 Budapest

Adam signed for Bolton on a two-year contract in August 2007 from Hungarian side Vasas. 2011/2012 was the breakthrough season for Adam when he became No. 1 for his Club and Country. He featured 20 times in the League for Wanderers having displaced legend Jussi Jaaskelainen and he has taken over at International level from long-standing Gabor Kiraly. Adam has 7 caps at Under-21 level and the same number of full caps.

TYRONE MEARS (Defender)

Born 18.02.83 Oldham

Mears came through the ranks at Manchester City having signed trainee forms in August 2001. His first-team opportunities became limited and he was sold to Preston North End for a fee of £200,000 in July 2002. A big money move to West Ham followed but the player struggled to make an impact and spells at Derby County and Marseille followed. He rekindled his career at Burnley in 2009 and joined his former boss at Bolton in July of 2011. A broken leg has curtailed his playing time at Wanderers.

ZAT KNIGHT (Defender)

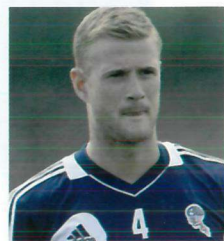

Born 02.05.80 Solihull

Zat moved to the Reebok in July 2009 from Aston Villa in a £4 million deal. He made his professional debut at Fulham in 2000 and he made over 150 league appearances for the Craven Cottage side before a £3.5 million deal was concluded for him to join boyhood heroes Aston Villa in 2007. Zat has 4 Under-21 caps and 2 Full caps for England. Zat's cousin is Leon Knight, formerly of Chelsea, now at Irish side Glentoran.

MATT MILLS (Defender)

Born 14.07.86 Leicester

The 25-year-old became Bolton's second signing of the summer, following his move from Leicester City. Matt, who has signed a three-year contract, only joined the Foxes in a £4.5m move from Reading in July 2011. The defender has also spent time at Southampton, Manchester City and Doncaster Rovers. Mills has represented England at England under-18 and England under-19 level. His youngest brother, Joseph plays for Reading and brothers, Jon-Paul and Jamie both play for Hellenic Football League side Witney United.

SAMUEL RICKETTS (Defender)

Born 11.10.81 Aylesbury

Sam joined from Hull City at the start of the 2009/10 season and has played in a variety of roles for Bolton including left-back, centre-half and central midfield. A snapped achilles tendon meant the player missed almost a season's worth of football but is back to full fitness and ready to contribute to Bolton's assault on the The Championship. Sam has also played at Oxford United, Telford United and Swansea City. He also has 44 caps for Wales.

**CHUNG-YONG LEE (Midfield)****Born 02.07.88 Seoul**

On 29 July 2009, it was announced that the talented midfielder had been granted a work permit allowing him to complete a £2.2m transfer from FC Seoul to Bolton Wanderers. 2011/2012 was a season of huge frustration after he suffered a broken leg in a preseason friendly against Newport County. He is another who is back to full fitness and he will be out to impress Owen Coyle in time for the big kick-off. Lee had a starring role in South Korea's 2010 World Cup run scoring against Argentina and Uruguay as his team reached the last 16.

**KEITH ANDREWS (Midfield)****Born 13.09.80 Dublin**

Newly-signed Andrews, has joined Bolton after a short-spell at West Bromwich Albion last season. The vastly experienced midfielder has also represented Blackburn, MK Dons, Ipswich, Wolves, Oxford United, Stoke City, Walsall and Hull City in a senior career which started in 2000. On the International front he has been a regular with the Republic of Ireland having earned 31 caps.

MARK DAVIES (Midfield)**Born 18.02.88**

Formerly at Wolves, Mark joined Bolton in January of 2009. He progressed through the ranks at Molineux to make his first-team debut against Leeds United at 17 years-old and went on to feature 35 times before his move to the Reebok. He has made 105 appearances for Owen Coyle's side, scoring 7 goals - one of which was voted 'Goal Of The Season' for Wanderers against Blackpool in November of 2010. He was also voted 'Players Player of the Year' for the 2011/12 season.

**MARTIN PETROV (Midfield)****Born 15.10.79 Vratsa**

Petrov began his career at Botev Vratsa and after impressing he signed with CSKA Sofia. Starring against Servette in the UEFA Cup, the Swiss side bought the 19-year-old for 1,2 million German marks. He later moved to Wolfsburg, where he established himself as an explosive winger and in the summer of 2005, he was bought by Atlético Madrid for a fee of 10 million. Manchester City was his next destination but despite some fine displays, an influx of new players saw him make the short journey to the Reebok in June 2010.

CHRIS EAGLES (Midfield)**Born 19.11.85**

Chris joined Bolton in July 2011 at the same time as Tyrone Mears following Owen Coyle's double swoop on his previous Club, Burnley. Eagles was at Old Trafford from the age of 14 and made his way through to the first-team but lack of regular football saw him head for Turf Moor in July of 2008. A tremendously talented footballer, Chris made 41 appearances last season scoring six goals.

**KEVIN DAVIES (Forward)****Born 26.03.77 Sheffield**

A former Sheffield United trainee, Kevin was released at the age of 15 to join Chesterfield. He played a major part in their F.A. Cup run of 1997 helping them reach the semi-final before moving to Southampton in May 1997 where he scored nine league goals. Blackburn Rovers signed him for £7.5 million in July 1998, however, he scored just one league goal and Southampton re-signed their former striker in exchange for Egil Østenstad in August 1999. He joined Bolton in the summer of 2003 where he has now netted 67 league goals in 316 appearances.

Bolton Connections

JIM SNEDDON

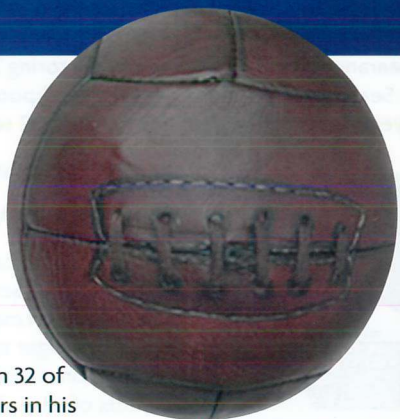

Ten players have played for both Clubs over the years

Archie Taylor

1909-1910

A product of Dundee East Craigue, 18 year old Taylor joined local seniors Dundee on 11 of June 1900 where he was converted from centre half to full back. He was with Raith Rovers before moving south to Bolton Wanderers in 1904 where he played in 3 league matches. Spells followed at Bristol Rovers, Brentford and two seasons at West Ham United from 1906 where the left back established himself in the first team playing in 70 league and cup matches. He returned to Scotland, firstly to former club Dundee before joining Falkirk in August 1909 for a fee of £250. He played in 32 of 36 matches as the club finished as runners up to champions Rangers in his only season at the club. He joined Huddersfield in 1910 where he played 29 times and then joined Barnsley where he appeared in 57 league matches. His finest career moment by far came in the 1912 FA Cup Final when he captained Second Division Barnsley to the trophy in a 1-0 replay win over West Brom, the only non Englishman in the side. He finished his career at York City where he became Manager in July 1914 and one of his first signings was former Bairn and team mate Bob McTavish.

Jock Calder

1932-1933

Calder began his career locally with junior side Dalry Thistle. Leicester City took him south in 1931 but he played only once for the English side before joining Falkirk in August 1932. The centre forward scored in the opening two games of the season and went on to play 16 times for Falkirk scoring 3 times in total before he left for St Johnstone. He had spells with Dunfermline and Morton before he returned south to join Bolton in 1936 where he scored 11 times in 27 matches in the First Division. He then dropped down a division to join Barnsley in 1938 where he scored 5 times in 9 matches. With the onset of war and football in England at a standstill Jock 'guested' with Morton and Albion Rovers over the next three seasons before retiring.

Alec Carruthers

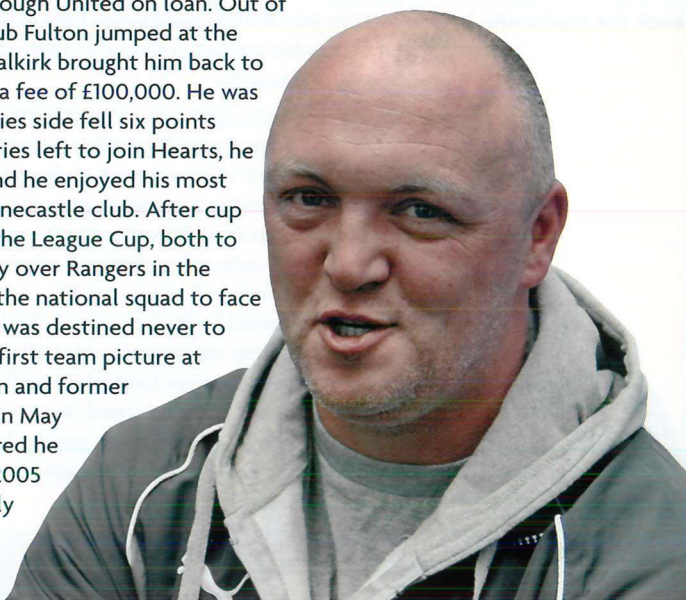

1935-1937, 1938-1942

A Bathgate miner, Alec had two spells at Brockville. He had joined Hearts in 1934 but with first team opportunities at a premium he decided to drop a division and join Tully Craig's relegated Falkirk side for regular first team football. He was the first choice outside right in the five man forward line that scored 111 goals between them as they won the Second Division championship in 1936. He scored 15 goals and four came in an 8-0 thrashing of East Fife. He added 18 goals on their return to the First Division but before the seasons end had left to join Bolton. He couldn't settle and returned to Falkirk in September 1938. He netted 14 goals in his first season back and began the following season with six goals in five games before the league was suspended due to the outbreak of war. The league continued in regional format and he added a further 17 goals as the club won the North Eastern title. He played fewer games as the war progressed and made his last appearance for the club, the only one that season on 20-September 1942 in a 2-1 win over Partick Thistle, his 161st and in that time scored 87 goals. When the war ended Alec, now 31 years old, joined Rochdale where he ended his senior career. Only six players have scored more goals for the club. Had war not intervened he would have played more than 200 games and would almost certainly have reached the ton in goals scored.

Steve Fulton

1994-1995

Fulton had come through the Celtic youth system and made his first team debut in 1988-89 spending a total of six years at the club. Surprisingly he never won a winners medal in that time at the Glasgow giants. In August 1993 Bolton Wanderers paid £225,000 for his signature but he played only four first team matches before being sent to Peterborough United on loan. Out of favour within months of joining the club Fulton jumped at the chance of a return to Scotland when Falkirk brought him back to the Premier League in August 1994 for a fee of £100,000. He was a mainstay in the midfield as Jim Jefferies side fell six points short of a European place. When Jefferies left to join Hearts, he made Fulton one of his first signings and he enjoyed his most productive spell of his career at the Tynecastle club. After cup final defeats in both the SFA Cup and the League Cup, both to Rangers, he captained Hearts to victory over Rangers in the 1998 SFA Cup Final. He was picked for the national squad to face Lithuania but never left the bench and was destined never to play for his country. He fell out of the first team picture at Tynecastle under new boss Craig Levein and former boss Jefferies took him to Kilmarnock in May 2002. After his two year contract expired he joined Partick Thistle but left in April 2005 taking up youth coaching. He eventually made his way back to Falkirk and he now coaches Falkirk's under 17 side.

Neil Berry

1996-1998

Berry joined Bolton Wanderers in March 1991 as an apprentice and went on to play 32 league matches in over three years before joining Hearts. Berry spent most of his career with Hearts, spending almost 12 years there. He played in the side that lost out on the 1986 league title on the last day of the season at Dundee. He was 33 when he joined Eamonn Bannon at Falkirk but his two years at Brockville were beset by injury problems and he made just 25 league and cup appearances under three managers in that time. He left to join Hamilton and then finished his senior career at Cowdenbeath playing just four games.

bolton Connections

Wayne Foster

1996-1997

Foster is another player with the Bolton-Hearts-Falkirk connection. He was an England youth international and started his senior career at Bolton in August 1981 just a month before his 18th birthday. In four years at the club he scored 13 goals in 105 appearances. He moved to Preston North End but within a year he was moving north to join Alex McDonald's Hearts. He was a first team regular in his first two years at the club but was used sparingly for the remainder of his seven years there as the goals began to dry up. In December 1994 he was on his way to Premier League rivals Partick Thistle. He remained in Scotland and joined Falkirk in September 1996 and scored his only goal for the club in a 2-0 win over Clydebank at Brockville where Chris Waddle also scored his only goal for the club. Following Alex Totten's appointment to replace the departing Eamonn Bannon, Foster was surplus to requirements and moved to St Mirren and within eight months joined Second Division Livingston in October 1998 where he finished his senior career.

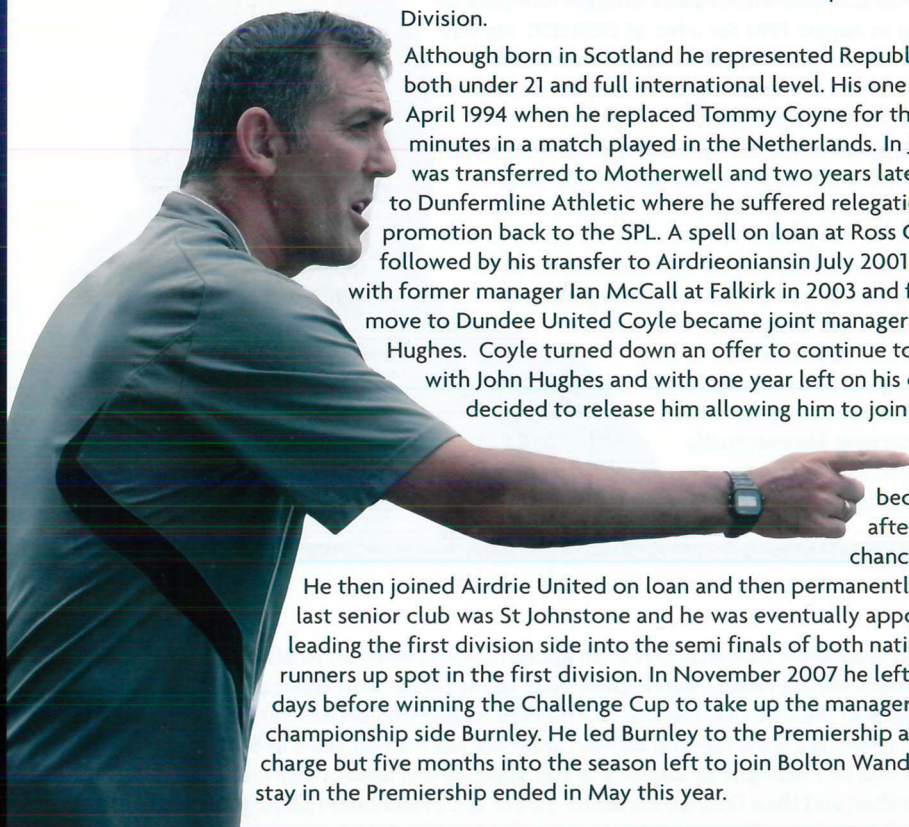

Owen Coyle

2003-2004

Coyle joined Dumbarton from Renfrew YM making his senior debut at 19 during the 1985-86 first division campaign. He left relegated Dumbarton for Clydebank in September 1988. In February 1990 he moved to Airdrieonians and his 20 league goals in 1991 took them to promotion to the Premier Division. Then he took the road south in June 1993 to join Bolton Wanderers before returning north to First Division Dundee United in October 1995 where he won promotion to the Premier Division.

Although born in Scotland he represented Republic of Ireland at both under 21 and full international level. His one full cap came in April 1994 when he replaced Tommy Coyne for the last seven minutes in a match played in the Netherlands. In January 1997 he was transferred to Motherwell and two years later was on his way to Dunfermline Athletic where he suffered relegation then promotion back to the SPL. A spell on loan at Ross County was followed by his transfer to Airdrieonians in July 2001. He linked up with former manager Ian McCall at Falkirk in 2003 and following McCall's move to Dundee United Coyle became joint manager with John Hughes. Coyle turned down an offer to continue to coach the Club with John Hughes and with one year left on his contract it was decided to release him allowing him to join McCall at Dundee United where he became a coach after first team chances were limited.

He then joined Airdrie United on loan and then permanently. His 14th and last senior club was St Johnstone and he was eventually appointed manager leading the first division side into the semi finals of both national cups and the runners up spot in the first division. In November 2007 he left St Johnstone days before winning the Challenge Cup to take up the manager's reins at championship side Burnley. He led Burnley to the Premiership after 18 months in charge but five months into the season left to join Bolton Wanderers where their stay in the Premiership ended in May this year.

Dean Holden

2007-2009

Holden was a 19 year old trainee at Bolton from August 1998 and was loaned to Valur Reykjavik and Oldham in 2001 making it a permanent move to the latter in May 2002. Following his release in June 2005 he joined Peterborough United. John Hughes signed the full back for Falkirk in January 2007. His performances at Westfield didn't go unnoticed at International level as he was picked by his adopted country N. Ireland for a friendly match in July 2007. On January 27, 2008, Holden received a broken leg, after a late tackle by Celtic's Stephen McManus, during Falkirk's 1-0 home defeat and made his comeback in October 2008. He signed a two-year contract with Shrewsbury Town on 26 June 2009. On 5 August 2010 Holden signed on loan at Rotherham United, initially for only one month but this was extended twice until he was recalled early by Shrewsbury on 20 October. On 31 January 2011, Holden had his contract cancelled by mutual agreement and he became a free agent. Chesterfield FC signed him on 3 February 2011 in a short term contract that expired at the end of that season. He joined Rochdale on loan before making the move permanent in January 2012 and after a further 14 appearances was released. Last week, on the 16-July he signed a one year deal with Walsall.

Matt Glennon

2005-2006

Glennon started as a trainee at Bolton Wanderers, but couldn't break into the first team and after unsuccessful loan spells at Port Vale, Stockport County and Bristol Rovers found his form at Carlisle United, where he played 29 games on loan in the 2000-01 season. In June 2001, he moved to Hull City for a £50,000 fee. He returned to Carlisle on a free transfer in October 2002. He spent three years at the club, playing 114 games and stayed with the club despite relegation to the Conference. He departed the club in June 2005 after declaring the contract he was offered was 'unacceptably low'. Falkirk were the benefactors when they signed him on a one year contract and he made his debut in July 2005 in the Ian 'Pee' Oliver Testimonial at Berwick Rangers. He took the number one spot from Allan Ferguson however his Falkirk career came to abrupt end after being dropped after the Hogmanay fixture against Dunfermline in 2005 following rumours of an argument with boss John Hughes. These rumours seemed to be confirmed when he was placed on the transfer list and after two appearances on the bench left to join St Johnstone. He became the first Saints goalkeeper in their history to score for the club when he netted at Ross County following a corner. He returned south to join Huddersfield Town in July 2006 on a two year deal and extended it to 2010. Bradford City, Stockport County and Chester, where he won the promotion to the Football League, have all had his services over the past two years and in July this year joined Halifax Town.

Rhys Bennett

2011-2012

The 18 year old central defender joined Bolton Wanderers in 2009 and was a regular in the reserve side taking the captain's armband on a number of occasions. With opportunities in the senior side limited he was sent to Falkirk in July 2011 in a six month loan deal. He scored on his first team debut, a 2-1 Ramsdens Cup win at Brechin City, which turned out to be his only goal for the club. He was also one of eight debutants in the opening league match of the season at Raith Rovers playing in the centre of defence in a 0-1 defeat. After playing in the first four league games he dropped out of the starting eleven due to the emergence of academy youngster Murray Wallace. He played in the dramatic 3-2 League Cup win over Rangers and on 12-January his loan deal was extended until the seasons end. He was an unused sub in the Ramsdens Cup Final win over Hamilton and made his last appearance for the club in the unfamiliar right back slot at Partick Thistle on 28-April. He signed a one year contract with League Two Rochdale effective from 1-July 2012. .

Cool Hand Luke

Leahy Loving Life At Falkirk

GORDON
McFARLANE

Falkirk's Highland Tour is almost at an end and Luke Leahy struts around the team's headquarters looking like the cat who got the cream. His infectious smile tells its own story. He's just signed on the dotted line for the Bairns and he makes it clear that this was the move he's been working hard for, since he came into the professional game at 16-years-of age.

Educated at Woodlands School and Sports College, Coventry, he dreamed of playing professionally but a string of setbacks has tested his resolve.

"I knew I wanted to be a footballer from the age of about 10 or 11 when I played Sunday League football" the 19-year old admitted.

His talent caught the eye of two senior sides, Birmingham City and Coventry City and he had trials with both clubs but nothing came of it. The player admitted it was an immensely disappointing time in his career. "I just had to get on with it for I enjoyed football

so much that there was no way I was going to give it up. I decided to keep playing in the hope that something would turn up."

Doors were beginning to open, albeit slowly, and his first port of call was with Nuneaton Town, playing in the Under-16 League. "I had a very good coach there, a guy by the name of Dan Elliot, who realised I was in sixth form and ready to leave school."

"He asked if I fancied joining the Strachan Football Foundation, which is based in Rugby. It meant I could be coached and developed on a full-time basis. There was around 22 players there who hadn't quite made it into the game despite the fact that they were pretty good footballers."

For those readers who may not have heard of it, the Strachan Football Foundation is a community interest company, not-for-profit organisation with the focus of developing the football community, schools and local football clubs. It offers

support and coaching development for all the football-related issues within clubs and schools they work with.

More especially, the SFF Apprenticeship offers 16-19 year olds the opportunity of a professional football training programme. It has been developed thanks to research from professionals who have won some of the highest accolades in the professional game, none other than Gordon Strachan himself.

And to add a further Scottish flavour to the Foundation, the Head Coach is George Mackie, who many of the older fans will remember plying his trade at Dundee and Partick Thistle in the late 1970's. George has attained the prestigious Uefa Pro License qualification – the highest honour in coaching.

Luke goes on, "The Foundation has its college football team which is pretty successful but we were also playing in a Saturday League under the name of Rugby Town Reserves but I wasn't in that side long

cool handLuke

before I got called up to Rugby Town's First Team Squad."

"I was doing pretty well and enjoying myself in a midfield role when one of the other lads got a bad injury and I had to play at left-back for the rest of the season." And with that trademark smile on his face, he added, "And did I enjoy playing at left-back?... nah... not at all!"

"Rugby Town play in the Evo-Stik League Southern Division One Central which is a couple of drops down from the Conference. The gates are around 300-400 at home games. I guess it's much on a par with the Highland League teams we've just played but to

be fair it's still a very competitive League."

It all kicked off at the end of April for the player as he explained. "I think Steven Pressley had been chatting to George Mackie who had recommended me and Steven wanted me up for a week to have a look."

"Things happened so fast - it was a bit of a shock. I'll be honest and say I'd never really heard of Falkirk but George put me straight - he spoke very highly of the Club and reckoned they would be SPL bound very soon."

"I was really, really keen to get up there and it was really enjoyable. The lads were

probably the friendliest I'd ever encountered in football and they were all mostly around my age and very enthusiastic. I have to say I thought the facilities were brilliant as well and it just made me desperate to return to Falkirk after my trial was finished."

"When I was up, I played in a friendly against Inverness at the University and I thought I did quite well. The most important thing for me was that I enjoyed the system Falkirk played, passing well and getting the ball back right away - I felt quite comfortable during the game."

"It was quite worrying though.

Despite the fact that I thought I did well during my time there, there was absolutely no indication as to whether Steven Pressley was interested or not."

"Even when they asked me to come back up this summer, I wasn't confident about a deal being tied up – so I just set myself up to impress them all over again."

"The friendlies helped a lot for I managed to score a few goals and set a few up as well. Then after the game at Turriff, Steven told me that they wanted to sign me, which was a great feeling."

"The strange thing is, I haven't had a lot of fan involvement yet. All our games up to this point have been away from home. I'd like to meet a lot of the supporters because the number of tweets I got from them after I signed was amazing. They seem like a great bunch."

"Kris Faulds was quick off the mark, explaining to me about the Dunfermline rivalry. It sounds like these games will be something else."

You could see Luke was really getting into it and he laughed, "Should I take my top off if I score in that game." And I was thinking, just score, mate, that will do me.

The player had clearly done his research. "Boxing Day away ..isn't it ?.." Great, now he's beginning to understand the enormity of that fixture.

His debut at the Falkirk Stadium worked out a treat as the youngster sidefooted home the only goal of the friendly game against Hearts. Let's hope that's a regular occurrence in the SFL.

Good luck to Luke at Falkirk and a special thanks to him for taking the time out to speak to us.
